SUMMARY

B.Tech Computer Science student graduating in 2027 with strong foundations in Java, Data Structures and Algorithms, SQL, OOP, DBMS, Operating Systems, and Computer Networks. Experienced in building web applications using React.js, REST APIs, MySQL, and Git. Familiar with Linux, AWS, Agile, CI/CD, and basic software testing, with 250+ coding problems solved on LeetCode and CodeChef.

EDUCATION

Koneru Lakshmaiah Education Foundation, Vijayawada 2023 – 2027
B.Tech in Computer Science and Engineering

- CGPA: **9.17/10**

EXPERIENCE

AI & Machine Learning Virtual Intern Apr 2025 – Jun 2025
AICTE, Vijayawada

- Performed basic data preprocessing and exploratory data analysis using Python on structured datasets.
- Applied supervised machine learning workflows and evaluated model performance using accuracy and other metrics.

PROJECTS

Ride Sharing Application Completed

- Developed a scalable ride-sharing web application using React.js, REST APIs, and MySQL.
- Designed reusable components for ride booking, user authentication, and ride management.
- Integrated REST APIs for communication between frontend and backend services.
- Used Git for version control and developed responsive interfaces for an improved user experience.

AI-Driven Malware Analysis and Threat Hunting Lab Ongoing

- Developing an AI-powered malware analysis and threat hunting platform using Python, React.js, and MySQL.
- Building automated workflows to analyze suspicious files and identify potential malware threats using Machine Learning.
- Developing an interactive dashboard to present malware detection results and threat analysis.

TECHNICAL SKILLS

Languages: Java, SQL, C

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Web: React.js, REST APIs, HTML, CSS

Database: MySQL

Tools & Platforms: Git, GitHub, Linux, VS Code, AWS

Practices: Agile, CI/CD

CERTIFICATIONS

- AWS Certified Cloud Practitioner (2026)
- Oracle Certified Foundations Associate – OCI Fundamentals (2025)

ACTIVITIES & ACHIEVEMENTS

- Solved **250+ coding problems** across LeetCode and CodeChef.
- Participated in coding contests, technical workshops, and programming events.
